

REGISTRATION OF INTEREST FORM

Are You Interested in Becoming a Licensee in the Monash Enterprise Centre

APPLICATION PROCESS

Interested businesses are encouraged to submit this registration of interest form, which will then place them on a waiting list. When appropriate space becomes available potential Licensees are invited to complete an application form and submit a business plan. If a business plan is not available, Monash Enterprise Centre can provide a business plan questionnaire.

An initial meeting is then conducted with each potential licensee by the Chairman, Centre Manager and where possible a business representative of the Board of Directors. On the successful outcome of this meeting a formal offer is then made.
