

Monash Community Grants Program Policy

Introduction

The City of Monash is committed to developing and fostering a healthy and resilient community. In doing so, it seeks to partner with local organisations to support the delivery of community-based services, programs, projects and events that involve and benefit the Monash community.

Monash is an inclusive city where all residents can feel safe, connected and engaged with their local community, and where everyone has equitable access to facilities, resources and support. One of the key ways in which Council seeks to achieve this is through the delivery of an annual community grants program.

This policy outlines Council's approach to providing cash and in-kind funding to not-for-profit community organisations whose work enriches community life, addresses evidenced needs and aligns with the strategic directions and priorities of Council.

Policy Intent

The intent of the Monash Community Grants Program Policy (MCGP Policy) is to provide a robust and transparent framework to guide the program through which Council provides cash and in-kind funding to community groups and organisations to assist them to deliver activities and services for the community of Monash.

Purpose

The Monash Community Grants Program (MCGP) has been a major source of funding to the Monash community since 1995. Through this program, Council aims to:

- Develop partnerships between Council and community groups to achieve Council's strategic directions;
- Direct resources to both the emerging and specific needs of people who experience intersecting forms of discrimination including, but not limited to people from multicultural/CALD communities, LGBTQIA+, people with disabilities and First Nations;
- Develop a positive approach to the resolution of local social issues;
- Support local groups, activities and community connectedness; and
- Support community organisations to develop skills and increase community participation.

Scope

The MCGP Policy applies to direct financial and in-kind funding to local community groups and organisations that may:

- Deliver a service needed by the community;
- Develop community capacity;
- Provide an opportunity for local community members to participate in civic life and/or socially connect with other members of the local community;
- Provide an opportunity for local community members to make a cultural and/or artistic contribution to the Monash community; and/or
- Organise an event or festival that is open to the whole Monash community

Roles & Responsibilities

Community organisations are responsible for planning, preparing and submitting their applications via the online application system (SmartyGrants). If successful, the funded organisation is responsible for

the appropriate expenditure of all cash funds and the delivery of agreed outcomes as reflected in the Funding Agreement and approved Work/Event Plan.

The Monash Community Grants Assessment Panel consists of three (3) Council officers, with additional advice provided by other officers' dependent on their area of expertise. The Panel will consider all eligible applications and is responsible for making annual funding recommendations. These final funding allocations will be considered at a full meeting of Council.

Councillors are only able to make a change to officer recommendations via an amendment at the full Council meeting.

Council officers will administer the grants program and provide advice and support to applicants.

In implementing this Policy, Councillors and Council officers must comply with the Councillors Code of Conduct 2017 and the Local Government Act 2020 (where applicable).

Councillors and Council officers must declare any instance where they, or any member of their immediate family, has a significant interest or holds a position of influence or power in an organisation that is a grant applicant. Where an interest is declared that person may not participate in any matter associated with the application (ie. submission, evaluation, recommendation or approval). The onus is on the Councillor or Council officers to withdraw themselves from involvement and to declare an actual or potential conflict of interest to Council.

Monitoring, Evaluation and Review

Grants will be subject to an annual acquittal by all grant recipients, including financial and programmatic outcome reporting. Any recipient organisation which does not deliver the intended outcomes or does not expend cash funding in line with their Funding Agreement may be required to return the grant (either in part or in full).

Annual audits (programmatic and financial) will be carried out with a selection of grant recipients. A full external audit of the Monash Community Grants Program will be conducted every three years. Details of the Monash Community Grants Program will be available for inspection as required by the Local Government (General) Regulations (2015).

The program will aim to collect gender disaggregated data in order to better promote gender equality in the program and enable greater understanding of the applicants and beneficiaries of the funding.

The MCGP Policy and Monash Community Grants Assessment Panel Terms of Reference will be reviewed annually and presented to Council each year for endorsement.

Budget

The Monash Community Grants Program operational budget is allocated through the annual Council Budget approval process, for the financial year 1 July – 30 June each year. The MCGP budget is allocated as cash and in-kind grants, subject to Council approval. Apportionment of funding across the categories remains at the discretion of Council.

Program Principles & Priorities

The Monash Community Grants Program focuses on strengthening the Monash community through its people. Community development principles underpin the approach that Monash takes to grant making. These principles include:

- Asset based thinking, building on the strengths that exist within the community
- Evidence based approach that acknowledges the needs and aspirations of our community
- Access and equity to ensure a socially inclusive community
- Collaborations and partnerships

These principles guide both how Council works with the community and the types of services and projects that will be prioritised for funding.

The City of Monash is inclusive and welcoming, celebrating the diversity of all the community. Every individual should feel safe, respected and celebrated regardless of differences of age, race and ethnicity, sex, gender identity and sexuality, ability, faith and religious beliefs, Aboriginal and Torres Strait Islander identity, and/or socio-economic status.

We are committed to supporting gender equity and want to create a community that is safer, healthier, more inclusive and diverse for everyone. In alignment with the Gender Equality Act, Council is applying an intersectional gender lens, to assess how policies, programs and services will meet the different needs of women, men and non-binary people. In line with this, projects that demonstrate intersectional gender equality and strengthen and support diversity within Monash will receive funding priority.

Funding priority will be given to applications that deliver health & wellbeing outcomes within a community setting, which contribute to community cohesion and enrich people's lives. All applications must respond to identified community needs and align with the priorities outlined in the *Council Plan –2021-2025, the Monash Health and Wellbeing Plan 2021-2025* and other strategic plans of Council.

Applications should demonstrate innovation, either by delivering a new concept, or by building upon an existing program, service or event.

Funding Categories & Assessment Criteria

The City of Monash will provide annual funding across ten (10) categories of the Monash Community Grants Program;

- Active Projects;
- Arts and Cultural Projects;

Organisations may apply for funding under multiple categories within the same round, provided that the applications are not submitted for the same project/service. This is limited to one application per category. If multiple applications are submitted by the same organisation in the same category, the

organisation will be asked to nominate their preferred project and withdraw the other(s) or rework their project plan to resubmit one application for the category.

Assessment Criteria

Each category of the MCGP has a unique mix of funding available and assessment criteria.

All applications, with the exception of those in the Hall Only and Positive Ageing categories, will be assessed against both the *Program-Wide Criteria*, as well as the relevant individual *Category Criteria* under which the application has been submitted. The Hall Only and Positive Ageing categories have only *Category Specific Criteria* to address. Applications will be scored based upon the extent to which the proposed activity/program addresses each criterion.
