

Monash Community Grants Program Policy

Introduction

The City of Monash is committed to developing and fostering a healthy and resilient community. In doing so, it seeks to partner with local organisations to support the delivery of community-based services, programs, projects and events that involve and benefit the Monash community.

Monash is an inclusive city where all residents can feel safe, connected and engaged with their local community, and where everyone has equitable access to facilities, resources and support. One of the key ways in which Council seeks to achieve this is through the delivery of an annual community grants program.

This policy outlines Council's approach to providing cash and in-kind funding to not-for-profit community organisations whose work enriches community life, addresses evidenced needs and aligns with the strategic directions and priorities of Council.

Policy Intent

The intent of the Monash Community Grants Program Policy (MCGP Policy) is to provide a robust and transparent framework to guide the program through which Council provides cash and in-kind funding to community groups and organisations to assist them to deliver activities and services for the community of Monash.

Purpose

The Monash Community Grants Program (MCGP) has been a major source of funding to the Monash community since 1995. Through this program, Council aims to:

- Develop partnerships between Council and community groups to achieve Council's strategic directions;
- Direct resources to both the emerging and specific needs of disadvantaged and vulnerable communities;
- Develop a positive approach to the resolution of local social issues;
- Support local groups, activities and community connectedness; and
- Support community organisations to develop skills and increase community participation.

Scope

The MCGP Policy applies to direct financial and in-kind funding to local community groups and organisations who:

- Deliver a service needed by the community; or
- Develop community capacity; or
- Provide an opportunity for local community members to participate in civic life and/or socially connect with other members of the local community; or
- Provide an opportunity for local community members to make a cultural and/or artistic contribution to the Monash community; or
- Organise an event or festival that is open to the whole Monash community

Roles & Responsibilities

Community organisations are responsible for planning, preparing and submitting their applications via the online application system (SmartyGrants). If successful, the funded organisation is responsible for the appropriate expenditure of all cash funds and the delivery of agreed outcomes as reflected in the Funding Agreement and approved Work/Event Plan.

The Community Grants Program Evaluation Panel a committee of Council, comprising of five (5) Councillors. The Panel will consider all eligible applications and is responsible for making annual funding recommendations. These final funding allocations will be endorsed at a full meeting of Council.

Council Officers will administer the grants program and provide advice and support to applicants. Officers will also provide advice to the Community Grants Program Evaluation Panel as required, to assist the Panel to make their recommendations to Council.

In implementing this Policy, Councillors and Council officers must comply with the Councillors Code of Conduct 2017 and the Local Government Act 1989 (where applicable).

Councillors and Council officers must declare any instance where they, or any member of their immediate family, has a significant interest or holds a position of influence or power in an organisation that is a grant applicant. Where an interest is declared, that person may not participate in any matter associated with the application (i.e. submission, evaluation, recommendation or approval). The onus is on the Councillor or Council officers to withdraw themselves from involvement and to declare an actual or potential conflict of interest to Council.

Monitoring, Evaluation and Review

Grants will be subject to an annual acquittal by all grant recipients, including financial and programmatic outcome reporting. Any recipient organisation who does not deliver the intended outcomes, or does not expend cash funding in line with their Funding Agreement, may be required to return the grant (either in part or in full).

Annual audits (programmatic and financial) will be carried out with a selection of grant recipients. A full external audit of the Monash Community Grants Program will be conducted every three years. Details of the Monash Community Grants Program will be available for inspection as required by the Local Government (General) Regulations (2004).

Budget

The Monash Community Grants Program operational budget is allocated through the annual Council Budget approval process, for the financial year 1 July – 30 June each year. The MCGP budget is allocated as cash and in-kind grants, subject to Council approval. Apportionment of funding across the categories remains at the discretion of Council.

In-principle approval will be offered to applicants prior to the annual budget approval; formal grant approval notification and payment will only be made after 1 July, subject to Funding Agreement terms and conditions (see Timelines section for further detail).

Program Principles & Priorities

The Monash Community Grants Program focuses on strengthening the Monash community through its people. Community development principles underpin the approach that Monash takes to grant making.

These principles include:

- Asset based thinking, building on the strengths that exist within the community
- Evidence based approach that acknowledges the needs and aspirations of our community
- Access and equity to ensure a socially inclusive community
- Collaborations and partnerships

These principles guide both how we work with the community and the types of services and projects that will be prioritised for funding.

Funding priority will be given to applications that deliver health & wellbeing outcomes within a community setting, which contribute to community cohesion and enrich people's lives. All applications must respond to identified community needs and align with the priorities outlined in the *Council Plan 2017 - 2021, A Healthy & Resilient Monash: Integrated Plan 2017-2021* and other strategic plans of Council.

Applications must demonstrate innovation, either by delivering a new concept, or by building upon an existing program, service or event.

Funding Categories & Assessment Criteria

The City of Monash will provide annual funding across nine (9) categories of the Monash Community Grants Program;

- Community Strengthening;
- Community Strengthening Hall Hire Only

Organisations may apply for funding under multiple categories within the same round, provided that the applications are not submitted for the same project/service. This is limited to one application per category. If multiple applications are submitted by the same organisation in the same category only the first one received will be assessed.

Assessment Criteria

Each category of the MCGP has a unique mix of funding available and assessment criteria.

All applications will be assessed against both the *Program-Wide Criteria* as well as the relevant individual *Category Criteria* under which the application has been submitted. Applications will be scored based upon the extent to which the proposed activity/program addresses each criteria.
