

4.6 GOVERNANCE RULES AMENDMENTS

(Renee Russell)

Responsible Director: Jarrod Doake, Director City Services

RECOMMENDATION

That Council adopts the proposed Governance Rules amendments as outlined in Attachment One.

BACKGROUND

Section 60 of the *Local Government Act 2020* provides for Council to amend its Governance Rules, subject to a process of community engagement. Council resolved at the November 2022 Council Meeting to place the proposed amendments to its Governance Rules on public exhibition.

DISCUSSION

Members of the public were invited to view the proposed Governance Rules and provide feedback via Shape Monash from 2 December 2022 to 15 March 2023.

The Shape Monash page was viewed 308 times and the proposed Governance Rules downloaded 37 times during this period.

Council received five written responses during the consultation period. Council would like to acknowledge and thank the submitters for taking the time to provide their feedback.

Several topics were similar, therefore a summary of the feedback submitted and Officer's response to the feedback was as follows:

Topic	Comment Summary	Officer Response
Reference to 'Committee'	Review the reference to the term 'Committee'.	The definition of "Committee" has been updated to include "an Advisory Committee comprised solely of Councillors".
Conflict of Interests	Propose conflicts of interest be declared prior to and during the meeting and explained in writing in the minutes.	Currently, Conflicts of Interest may be declared prior to the Council Meeting. The intention of this Rule is to ensure that Conflicts of interest can continue to be declared prior to the Council Meetings, however, highlight they must be declared at the time of the Council Meeting also. Declarations of interest are captured in the 'disclosures of

Topic	Comment Summary	Officer Response
		interest' section of the minutes. Councillors are required to submit a written declaration of interest to the Chief Executive Officer.
Public Questions	As many questions as possible answered within the 30 minutes timeframe.	The intention of this Rule is to allow as many questions to be answered within the 30 minutes timeframe which is in line with the submitters comment.
Notices of motion	The number of days' notice to submit a notice of motion be amended to 7 days.	The amended Governance Rules proposed a reduction from 14 to 13 days. This proposal supports the Council Meeting Agenda papers compilation and publishing timeframe requirements. A reduction to 7 days' notice would be difficult due to the reason stated above.
Planning Applications	Can the purpose for calling out these applications be clearly advised in the meeting.	Officers note in the Council Meeting report the reasons why the Planning Application is being tabled at Council. This information is usually on page 1 of the relevant report.

As a result of the consultation with internal stakeholders and the public consultation, Council Officers propose the amendments as highlighted in Attachment 1 with tracked changes. A summary of the key changes is as follows:

Topic	Amendment
Public Question Time	<ul style="list-style-type: none"> Clarified when the Mayor may, at their discretion, allow a question to be read out by the author and when the Mayor will read out the question. Extended Public Question Time from 20 to 30 minutes.

Without limiting the generality of the definition of **electoral matter**, matter is to be taken to be intended or likely to affect voting in an election if it contains an express or implicit reference to, or comment on—

- (a) the election; or
- (b) a candidate in the election; or

nomination day means the last day on which nominations to be a candidate at a Council election may be received in accordance with the Act and any regulations made under the Act.

this Policy means this Election Period Policy.

publish means publish by any means including by publication on the Internet.

1. INTRODUCTION

The Act provides that, during the election period, certain prohibitions apply to the functions and powers of Council as it enters into a 'caretaker' period, while ensuring that the normal business of government continues and Council meets its responsibilities to the community.

2. POLICY OBJECTIVE AND BACKGROUND

This Policy addresses the requirements of the Act regarding the responsibilities, actions and behaviours of Council in the period leading up to a general election.

3. APPLICATION OF THE POLICY

This Policy applies to Councillors and Council staff.

This Policy applies only to the actual making of decisions by Council during the election period.

This Policy does not apply to announcements of decisions by Council prior to the commencement of the election period.

However, as far as practicable, such announcement will be made prior to the commencement of the election period.

4. ELECTION PERIOD

The election period for the 2020 Council general elections commences at midnight Tuesday 22 September 2020 and ceases at 6.00pm on election day, Saturday 24 October 2020.

5. PROHIBITIONS

5.1. Council decisions

Council will not, during the election period for a general election, make decisions that:

- a) relate to the appointment or remuneration of the Chief Executive Officer, other than those relating to the appointment or remuneration of an Acting Chief Executive Officer; or
- b) commits Council to expenditure exceeding one per cent of Council's income from general rates, municipal charges and service rates and charges in the Financial Year immediately preceding that in which the general election is to be held; or
- c) it considers could be reasonably deferred until the next Council is in place; or
- d) it considers should not be made during an election period.

Council will not make any decision during the election period for a general election or a by-election that would enable the use of Council's resources in a way that is intended to influence, or is likely to influence, voting at the election.

Prohibitions include decisions made by a Delegated Committee or Community Asset Committee or by a Council officer under delegated authority.

5.2. Use of Council resources

Council resources will not be used in a way that is intended to affect, or is likely to affect, voting in, or the result of, an election.

Without limiting the generality of the statement above, a Councillor or member of Council staff must not use Council resources to intentionally or recklessly print, publish or distribute or cause, permit or authorise to be printed, published or distributed, any electoral material during the election period on behalf of, or purporting to be on behalf of, Council, unless the electoral material only contains information about the election process or is otherwise required in accordance with, or under, any Act or regulation.

Councillors must not unreasonably use any Council resource for campaign purposes during the election period or seek reimbursement from Council for costs incurred for a campaign-related purpose.

Council recognises that some incidental use of Council resources, particularly Council-issued equipment (such as a vehicle in the case of the Mayor, or a mobile phone or tablet), for purposes connected with a Councillor's campaign for re-election may occur. Council does not consider that such incidental use, where it occurs in the ordinary course of a Councillor's daily and typical use of such a resource, breaches this Policy or any applicable electoral laws. Council considers that the provision of such resources and their continued use during the election period, including their incidental use in respect of any campaign purpose, does not confer any particular, unreasonable or otherwise unfair electoral advantage on a Councillor-candidate compared to other candidates.

In reaching this position, Council notes the position expressed in its Policy for the Provision of Equipment to Councillors and Reimbursement of Expenses, that it is reasonable for Councillors to use these resources for both Council and incidental non-Council purposes and for any out of pocket costs arising from such use for non-Council purposes should not be claimed as reimbursement from Council.

Council has also considered that the use of mobile phones, computers and cars is almost universal in the wider community today and that there is no unique or special advantage conferred on a Councillor-candidate by merely continuing to have access to one or more of these resources during the election period.

Council considers that it would be impractical for a Councillor to have to operate two mobile phones or two of any other resources merely to avoid use of any one of those Council provided resources in connection with a campaign purpose.

Council further notes that there is no cost of other impact for Council if a Councillors uses one of these resources for non-Council purposes. Moreover, Council's Policy for Provision of Equipment to Councillors and Reimbursement of Expenses expressly contemplates this sort of arrangement in relation to mobile phone use and deals with the process for attributing the out-of-pocket costs of the phone calls between Council-related calls and non-Council related

calls. However, during the election period, Councillors should be especially mindful not to seek reimbursement for any out-of-pocket costs which arise from a campaign-related purpose.

Accordingly, Council has formed the view, and this is the position adopted in this Policy that it is impractical and unnecessary for current Councillors who are seeking re-election to have to go out and purchase their own devices merely for use during the election period. In fact, it is considered that it would be an unreasonable and unnecessary imposition on Councillor-candidates if they were forced to have to purchase such resources personally for the purposes of only a matter of a few weeks for use during the election period.

Council further notes that this approach is consistent with the approach adopted in the Victorian Parliament and the Australian Parliament for Members of Parliament in those places.

6. MEDIA

6.1. General Media

The Chief Executive Officer has final sign-off on all media releases or campaigns during the election period.

All media enquiries will continue, during the election period, to be channelled through the Executive Manager Communications.
