

7.4.3 2027017 - MAVP (NPN 4.19) PLANT, MACHINERY & EQUIPMENT

Responsible Manager:	Tony Oulton, Acting Manager Facilities and Infrastructure Maintenance
Responsible Director:	Jarrold Doake, Director City Services

RECOMMENDATION

That Council

1. Approves access to the Municipal Association of Victoria, Contract MAVP (NPN 4.19) Plant, Machinery & Equipment under Council Contract No. 2027017 for a schedule of rates-based contract with an estimated contract value of up to \$3,000,000 for the initial term, and an estimated total contract value of \$9,000,000 inclusive of all available extension options.
2. Authorises the Chief Executive Officer or their delegate to execute the contract agreement.
3. Authorises the Chief Executive Officer to approve extension options subject to the Municipal Association of Victoria extension approval and satisfactory performance for the City of Monash.
4. Notes that the contract initial term will conclude on 30 September 2029, and the contract also has two (2) separate extension options of three (3) years each.
5. Notes that the estimated schedule of rates contract values stated above are based on historical and anticipated future expenditure, including an allowance for inflation and growth (please refer to Financial section for more information).

(Please note that all dollar figures are GST exclusive unless stated otherwise).

INTRODUCTION

Council Officers seek to access a panel contract through the Municipal Association of Victoria, for the provision of Plant, Machinery and Equipment (2027017 – MAVP (NPN 4.19)) Plant, Machinery & Equipment)

BACKGROUND

The Municipal Association of Victoria establishes contracts on behalf of or accessible to Local Government authorities so that they may access suppliers in an efficient and cost-effective manner.

The Municipal Association of Victoria is focused on achieving better procurement outcomes by aggregating demand across many government authorities and achieving improved commercial and service outcomes.

Council chose to access the agency contract to efficiently procure goods from a range of providers without the need to undertake individual quotations or tenders but still obtain best value through pricing based on accumulation of demand across many councils and other government authorities.

Council already accesses other similar panel contracts through Procurement Australia, however the suppliers listed under this contract are not available through the Procurement Australia contract.

The proposed Municipal Association of Victoria contract is for an initial period ending 30 September 2029 with two (2) separate extension options of three (3) years each.

NOTIFICATION

A Public Notice was not required because Council is proposing to select tenderers from the established Municipal Association of Victoria contract number NPN4.19 Plant, Machinery and Equipment as allowed under Council's Procurement Policy

TENDER EVALUATION

The Municipal Association of Victoria conducted an evaluation of the tender submissions.

FINANCIAL IMPLICATIONS

Capital Funds are available as part of the Plant and Equipment Renewal Budget.

The estimated expenditure during the initial term is \$3,000,000, with a total estimated expenditure of up to \$9,000,000 Inclusive of both extension terms.

This contract includes contract prices for a variety of specific plant and equipment and will allow Council Officers to select plant and equipment that best suits Council's needs within its approved budget.

CONCLUSION

That Council approves the recommendations contained within this report.
