Proposed Species Options

Option 1 – Single species (both sides of the road)

<i>Callistemon viminalis</i> (Weeping Bottle Brush)	
<p>Power line and Non-Power line side</p> 	<p>This is a pretty bird-attracting native tree with a heavy crown due to the profusion of brilliant red flowers in Spring and Summer. It is the weight of these flowers that gives it a pendulous habit.</p> <p>Mature Size (h x w): 6-8 x 6-8m Form: Pendulous</p>

Option 2 – Combination of Species

<i>Corymbia Citroedora</i> 'Scentuous' (Dwarf Pink)	
<p>Power line side</p> 	<p>This is a slightly narrow domed tree that doesn't shed its branches. It has a smooth trunk that may be slightly mottled. The bark is a pink - salmon in colour. Leaves are narrow and highly aromatic when crushed smelling strongly of lemon. This tree features lovely cream-coloured flowers in summer.</p> <p>Mature Size (h x w): 7 x 3m Form: Round</p>
<i>Corymbia maculata</i> 'Little Mac' (Dwarf Spotted Gum)	
<p>Non- Power line side</p> 	<p>This tree grows straight and tall. The bark is smooth and cream in colour with grey spots from the older bark, providing contrast and interest with its mottled appearance. The leaves are dark green and glossy and from autumn to winter, small clusters of fragrant white flowers appear attracting birds and honey bees to the area.</p> <p>Mature Size (h x w): 12-18 x 10-12m Form: Oval</p>

Option 3 – Single species (both sides of the road)

Brachychiton populneus x acerifolius 'Bella Pink' (Bella Pink Hybrid Brachychiton)

Power line and Non-Power line
side

This is a small to medium sized shade tree offering glossy green foliage and pretty clusters of salmon pink, bell-shaped flowers in Summer. As a grafted tree, it is more compact in size which makes it highly suitable for domestic landscapes. Flowers attract birds.

Mature Size (h x w): 8 x 4m

Form: Broad domed
