SUMMARY COMMENTS

The Annual Report highlights the significant achievements and outcomes for Council during the 2009/10 financial year ranging from major projects and capital works through to the wide array of services provision and Council’s increased emphasis on community involvement and consultation.

Council’s sound financial position is evidenced by a Net Operating Result for 2009/10 which is better than Budget for 2009/10. Councils’ Total Equity increased as we continue to invest in the future of the City through our extensive capital works program. These service and financial outcomes were achieved while Monash remained the lowest rating Council in Melbourne with a modest debt level of $10M.

The audited Performance Statement also shows that Council’s 2009/10 Key Strategic Activities (KSA) performance measures were, in the main, achieved and explanations provided where performance measures were not met.

EXTERNAL CONSULTATION

External consultation occurred with both the External Auditor HLB Mann Judd (acting as agent for the Auditor General) and the Office of the Auditor General.

IMPLEMENTATION

In accordance with the requirements of the Local Government Act 1989, all financial and performance statements have been included in Council’s 2009/10 Annual Report and were forwarded to the Minister for Local Government prior to the legislative deadline of 30 September 2010.

CONCLUSION

That Council adopts the Annual Report for the period ended 30 June 2010 in accordance with the Local Government Act 1989.
