

6.7 COUNCIL MEETING MINUTES

Submitting Councillor: Cr T Zographos

MOTION

That Council:

Instructs officers to publish on the Council website the unconfirmed minutes of every Council meeting within one week after the meeting.

BACKGROUND

The current practise is that the decisions made by council are published on the Council website, usually within two business days of the meeting.

The draft minutes are then usually circulated to councillors within one week after the meeting.

In my experience rarely are the draft minutes changed at the subsequent Council meeting.

Now that the videos of meeting are published within 48 hours of a meeting, it is no longer reasonable to withhold the draft minutes from being published on the Council website.

The meeting procedures local law and the code are silent on this issue.
