

6.8 REMOVAL OF THE NATURE STRIP TREE OUTSIDE 66 HARLINGTON STREET, CLAYTON

Submitting Councillor: Cr T Zographos

MOTION

That Council removes the nature strip tree outside 66 Harlington Street, Clayton in order to improve the sight line for the resident reversing out of the driveway.

BACKGROUND

The resident of 1/66 Harlington Street, Clayton contacted me requesting that the nature strip tree outside their property be removed because it is considered a blind spot due to a combination of the power pole and nature strip tree, which are blocking the driver's vision when reversing out of the driveway.

The resident was not satisfied with officers' responses and has insisted that the tree be removed.
